

UN Catalytic Support to South-South & Triangular Cooperation in Implementing the 2030 Agenda

17-19 October, 2017 (3 DAYS)
BONN, GERMANY

This course equips you with a sound understanding of the key principles of South-South and Triangular Cooperation, as well as the tools and methods to mobilise partnerships in the context of the 2030 Agenda.

COURSE DESCRIPTION

In view of the growing relevance of South-South Cooperation within the 2030 Agenda for Sustainable Development, the UNSSC Knowledge Centre for Sustainable Development offers this new course in close cooperation with the UN Office for South-South Cooperation (UNOSSC), with additional faculty from the Islamic Development Bank and the South Centre.

The course builds a common understanding of the theory and practice of South-South and

Triangular Cooperation (SS&TC) as a means of development cooperation. It equips participants with the key principles, tools and methods needed to comprehend the challenges and opportunities inherent in the approach, as well as to better understand the roles of different actors involved and to mobilise relevant partnerships. It explores the catalytic role the UN can play in helping to further promote the South-South Cooperation agendas of its member states and development partners as a whole.

The course expands its coverage beyond individual UN staff and UN Country Team members to include governments and institutional focal points on South-South and Triangular Cooperation.

OBJECTIVES

Upon successful completion of this course, participants will:

- Understand the foundations and the modalities of the South-South & Triangular Cooperation approach in the context of the 2030 Agenda for Sustainable Development;
- Be familiar with the most recent tools and methods in the area of SS&TC;
- Be able to effectively apply SS&TC in advancing the national development priorities and implementation of the 2030 Agenda in their respective host countries.

COURSE CONTENTS

Day 1: Understanding SS&TC in the context of the Agenda 2030 and Paris Agreement.

Day 2: National stock-taking. Building practical SS&TC programmes in support to national priorities.

Day 3: SS&TC initiatives in the field. Way Forward.

COURSE METHODOLOGY

Through interactive and participatory sessions, combined with inputs from subject matter experts from around the world, participants will share practices and explore ways to enhance political, economic, social and technical collaboration across the three pillars of sustainable development and to mobilise relevant partnerships.
