

## Monitoring and Evaluation for Sustainable Development - November

A comprehensive course designed to equip UN staff with the knowledge and skills to design monitoring and evaluation plans that are in line with the requirements of the 2030 Agenda for Sustainable Development.

**#Sustainable Development #face-to-face #Up to 1 week #Bonn Campus #2030 Agenda #SDGs #Data and measurement #Monitoring and Evaluation #Country support #RBM**

### Introduction

Monitoring and Evaluation are essential for the successful delivery of the 2030 Agenda for Sustainable Development as well as the Paris Agreement.

Designed and delivered with a contribution from the UN Evaluation Group (UNEG), this course provides an overview of key concepts, trends and tools relevant to the monitoring and evaluation functions within the UN system.

Tailored to address the requirements of the new agenda, the course takes into account the global indicator framework, which will guide the monitoring and evaluation of its goals and targets. Data collection, as well as effective approaches to monitoring and evaluation, including participatory approaches to monitoring and accountability, will be critical to ensuring that the most vulnerable groups are accounted for in policy development and programming.

The course also includes a module on monitoring systems to measure the climate impact of development interventions and guidance on how to monitor and report on climate financing and related activities.

**Where** Bonn

**When** 07 Nov - 11 Nov 2016

**Fee** 2000 USD

**Duration** 4 days

**Enrollment deadline** 25 Oct 2016

**Contact** sustainable-development@unssc.org

**Language** English

## Objectives

Upon successful completion of this course, participants will have:

- Gained a better understanding of the role of monitoring and evaluation in the UN system;
- Further developed their knowledge and skills in designing of monitoring and evaluation plans as well as evaluation design and methodology;
- An overview of the management of evaluation;
- Exchanged experiences, lessons learned and good practices emanating from the UN system and international cooperation.

## Course Contents

- **Day 1:** M&E in the context of the 2030 Agenda and Data for Development
- **Day 2:** Monitoring progress towards the SDGs
- **Day 3:** Designing programme or project evaluation
- **Day 4:** Engaging national partners in M&E

## Course Methodology

The course will adopt a blended format of instructional sessions, experience sharing and peer-to-peer learning. Participants will also work on real-world examples and exercises to strengthen learning retention and application.

Course enrolment will be limited to 25 participants to maximise interaction with the course instructors and derive most benefit out of small group work.

## Target Audience

UN staff involved in project/programme management, including design, monitoring and evaluation

## Cost of participation

The course fee of 2,000 USD covers the following:

- Four days of training with a balance of presentations and group work on case studies and exercises;
- Exclusive access to our online learning platform with training and supporting background materials, and the opportunity to stay connected with colleagues;
- All course materials, resources and contacts.

Participants are expected to cover all travel costs related to their attendance in the course. Accommodation in a hotel in town will be booked in advance by the UNSSC; however, the accommodation costs will be borne by the participants.

Certificates of Attendance from the UN System Staff College will be awarded to participants who complete the course.
