

Date: 30 July 2025

Subject: Clarification No. 1 to RFP No. 4/2025 Provision of services for the redesign of Mandatory Learning Pathway

Question 1: Reading the ToR, it feels that UNSSC is looking more for technical experts on the various topics mentioned in the RFP. And not to a communication agency to produce educational content. Or have we understood the ToR wrongly?

Response: Yes, UNSSC is looking for subject matter experts in the topics covered. However, it is also required to have experience in designing or delivering training in these thematic areas.
