ANNEX C – Evaluation Methodology and Criteria

I. Evaluation Methodology:

The UNSSC will evaluate the proposals based on the “Best Value for Money” (BVM) principle. This process involves the combination of apportioned technical and financial scores obtained by each Bidder.

Proposals will be evaluated from two perspectives:

- mandatory pre-requirements
- a weight score evaluation based on a technical component (80 points) and a commercial component (20 points).

Bidders will be initially evaluated against the mandatory pre-requirements. This will be evaluated based on a Pass/Fail evaluation. Only bidders passing all mandatory pre-requirements will be considered for the Scored Technical Evaluation.

The technical component will focus on the overall responsiveness to the Annex A and B, applying the evaluation criteria and sub-criteria specified below in the written proposal. Only proposals with a technical score higher than 70 points will be considered technically compliant.

The UNSSC shall use the best value for money principle (BVM) to determine the award and selection will be based on the most responsive proposal. The overall technical and commercial scores will be combined to determine the best value-for-money bid using the following weighting of 80% Technical and 20% Commercial.

The bidder(s) meeting all mandatory criteria, and with the highest combined value will be considered as achieving best value for money and will be recommended for the contract award.

Any Proposal received which omits any portion of these submittal requirements will be deemed non-responsive.

The cost for preparing the Bid shall be borne solely by the bidder. No part of the cost of preparing the bid shall be incorporated into the bid itself.

II. Evaluation Criteria:

- Mandatory pre-requirements (pass/fail)

#	Description	Scores
1a	Valid International Coaching certifications (ICF- accredited or equivalent)	Pass / Fail
1b	ONLY for lot E – Evidence of: • Credential Level: Active PCC or MCC; • Proof of completion of the ICF PCC Markers Training; • Vetting Experience: Previous experience as a Performance Evaluator for at least two other ICF-accredited program (Level 1 and/or 2);	Pass / Fail

3	Minimum of 2 years of proven experience at the executive level in each of the lot(s) you are bidding for and delivered to UN / international organizations, or non-profit entities.	Pass / Fail
4	Fluency in English	Pass / Fail
5	Submission of audio/video recording of sessions in the lot(s) you are bidding for	Pass / Fail

7	Auto-declaration that coach is compliant with relevant privacy legislation and that have appropriate organizational, administrative, physical and technical safeguards and procedures implemented to protect the security of personal data, including against or from unauthorized or accidental access, damage, loss or other risks presented by data processing	Pass / Fail

Only offers that will meet all the above mandatory requirements will be considered for the technical evaluation.

- Technical Evaluation (80 points)

The bidder shall submit the proposal in accordance with the requirements as detailed in "Annex B – Terms and Conditions to submit a proposal" of this RFP, in line with the below evaluation criteria:

#	Criteria	Evaluation	Max scores
1	Speaking and writing skills in multiple languages	Scores will be allocated proportionally based on the number and fluency of languages you can deliver coaching services in.	10
2	Demonstrated previous experience in providing the coaching services of choice for international, non-profit or UN clients. Portfolio relevance and reference quality assessed.	Scores will be allocated based on the list of main clients submitted, proportionally on the number and type of clients.	15
3	Qualifications and expertise of the Coach, including coaching certifications.	Scores will be allocated based on the number of years of coaching experience as evidenced in the CV and on relevant coaching certifications.	20
4	Depth of technical expertise	Scores will be allocated based on the depth technical expertise as evidenced in the past relevant projects and in the detailed explanation on thematic areas of main expertise, target audiences you are specialized in, and coaching methodology.	20
5	Provision of reference letter(s) for similar services completed in the past three years.	Scores will be allocated proportionally based on the number of reference letters (up to 5) provided per each area(s) you are bidding for.	5
6	Quality of audio/video recording of sessions in the area(s) you are bidding for	Scores will be allocated based on the quality of the interaction with the clients/coachees.	10

Only offers meeting the minimum technical threshold of 55 points will be considered technical compliant.

- Commercial Evaluation (20 points):

Financial rates per the lot you are bidding for shall be submitted by filling-in Appendix B. Prices shall be provided without VAT. Bidders are allowed to quote in the currency they will use to invoice. In case offers in different currencies are received, for financial evaluation purposes, rates will be converted in USD using the UN exchange rate applicable at the time of the RFP

submission deadline.

The financial component will be evaluated separately from the evaluation of the technical component. The financial evaluation will be based on pricing and will be evaluated in comparison with other financial proposals. The financial proposal will receive points for their price competitiveness. The proposal with the lowest price expressed as session rate will receive the maximum points (20 points). All other proposals will receive scores for financial proposals in inverse proportion. The formula for the inverse proportion is as follows:

$$\text{Bidder's score} = \text{Lowest rate} / \text{Bidder's rate} \times \text{Maximum Price Points (20)}$$

In order for the UNSSC to be able to compare the cost proposals from different vendors in a meaningful way, vendors must submit costs conforming to the proposed pricing model in "Appendix B – Financial Offer Form" of the RFP. The commercial offer shall be valid for a minimum of 90 days from submission date.

Bidders are strongly encouraged to submit their most competitive offer at the time of proposal submission. UNSSC will conduct a thorough review of all proposed costs and reserves the right to engage in price negotiations should this be deemed in the best interest of the Organization, including in cases where the proposed prices exceed available budgetary provisions.

Prices shall remain unchanged for the full duration of the contract, ie 2+1 years.

- **Combined Technical and Commercial Evaluation:**

Overall combined evaluation will sum up the technical and commercial points of the technically compliant offers and the offer(s) with the highest combined score will be considered as the best value for money proposal(s). The highest ranked offers per each lot will be considered for award.

- **Key Performance Indicators (KPIs):**

Awarded suppliers in the delivery of the services will be evaluated based on the following KPIs:

- Quality of coaching sessions
- Feedback and satisfaction levels from coaches and targeted audience
- Responsiveness and professionalism demonstrated

Extension of the contracts will be subject to satisfactory performance.

UNSSC will provide dedicated access to the required platforms and data to allow the awarded bidder(s) to perform the services.

Annex A – General Conditions of Contract for the Provision of Services

1. **LEGAL STATUS OF THE PARTIES:** The United Nations and the Contractor shall also each be referred to as a “Party” hereunder, and:
 - 1.1 Pursuant, *inter alia*, to the Charter of the United Nations and the Convention on the Privileges and Immunities of the United Nations, the United Nations, including its subsidiary organs, has full juridical personality and enjoys such privileges and immunities as are necessary for the independent fulfillment of its purposes.
 - 1.2 The Contractor shall have the legal status of an independent contractor *vis-à-vis* the United Nations, and nothing contained in or relating to the Contract shall be construed as establishing or creating between the Parties the relationship of employer and employee or of principal and agent. The officials, representatives, employees, or subcontractors of each of the Parties shall not be considered in any respect as being the employees or agents of the other Party, and each Party shall be solely responsible for all claims arising out of or relating to its engagement of such persons or entities.
2. **RESPONSIBILITY FOR EMPLOYEES:** To the extent that the Contract involves the provision of any services to the United Nations by the Contractor’s officials, employees, agents, servants, subcontractors and other representatives (collectively, the Contractor’s “personnel”), the following provisions shall apply:
 - 2.1 The Contractor shall be responsible for the professional and technical competence of the personnel it assigns to perform work under the Contract and will select reliable and competent individuals who will be able to effectively perform the obligations under the Contract and who, while doing so, will respect the local laws and customs and conform to a high standard of moral and ethical conduct.
 - 2.2 Such Contractor personnel shall be professionally qualified and, if required to work with officials or staff of the United Nations, shall be able to do so effectively. The qualifications of any personnel whom the Contractor may assign or may propose to assign to perform any obligations under the Contract shall be substantially the same, or better, as the qualifications of any personnel originally proposed by the Contractor.
 - 2.3 At the option of and in the sole discretion of the United Nations:
 - 2.3.1 the qualifications of personnel proposed by the Contractor (*e.g.*, a curriculum vitae) may be reviewed by the United Nations prior to such personnel’s performing any obligations under the Contract;
 - 2.3.2 any personnel proposed by the Contractor to perform obligations under the Contract may be interviewed by qualified staff or officials of the United Nations prior to such personnel’s performing any obligations under the Contract; and,
 - 2.3.3 in cases in which, pursuant to Article 2.3.1 or 2.3.2, above, the United Nations has reviewed the qualifications of such Contractor’s personnel, the United Nations may reasonably refuse to accept any such personnel.
 - 2.4 Requirements specified in the Contract regarding the number or qualifications of the Contractor’s personnel may change during the course of performance of the Contract. Any such change shall be made only following written notice of such proposed change and upon written agreement between the Parties regarding such change, subject to the following:
 - 2.4.1 The United Nations may, at any time, request, in writing, the withdrawal or replacement of any of the Contractor’s personnel, and such request shall not be unreasonably refused by the Contractor.
 - 2.4.2 Any of the Contractor’s personnel assigned to perform obligations under the Contract shall not be withdrawn or replaced without the prior written consent of the United Nations, which shall not be unreasonably withheld.
 - 2.4.3 The withdrawal or replacement of the Contractor’s personnel shall be carried out as quickly as possible and in a manner that will not adversely affect the performance of obligations under the Contract.
 - 2.4.4 All expenses related to the withdrawal or replacement of the Contractor’s personnel shall, in all cases, be borne exclusively by the Contractor.

Annex A – General Conditions of Contract for the Provision of Services

2.4.5 Any request by the United Nations for the withdrawal or replacement of the Contractor's personnel shall not be considered to be a termination, in whole or in part, of the Contract, and the United Nations shall not bear any liability in respect of such withdrawn or replaced personnel.

2.4.6 If a request for the withdrawal or replacement of the Contractor's personnel is *not* based upon a default by or failure on the part of the Contractor to perform its obligations in accordance with the Contract, the misconduct of the personnel, or the inability of such personnel to reasonably work together with United Nations officials and staff, then the Contractor shall not be liable by reason of any such request for the withdrawal or replacement of the Contractor's personnel for any delay in the performance by the Contractor of its obligations under the Contract that is substantially the result of such personnel's being withdrawn or replaced.

2.5 Nothing in Articles 2.2, 2.3 and 2.4, above, shall be construed to create any obligations on the part of the United Nations with respect to the Contractor's personnel assigned to perform work under the Contract, and such personnel shall remain the sole responsibility of the Contractor.

2.6 The Contractor shall be responsible for requiring that all personnel assigned by it to perform any obligations under the Contract and who may have access to any premises or other property of the United Nations shall:

2.7 Within one working day after learning that any of Contractor's personnel who have access to any United Nations premises have been charged by law enforcement authorities with an offense other than a minor traffic offense, the Contractor shall provide written notice to inform the United Nations about the particulars of the charges then known and shall continue to inform the United Nations concerning all substantial developments regarding the disposition of such charges.

2.8 All operations of the Contractor, including without limitation, storage of equipment, materials, supplies and parts, within United Nations premises or on United Nations property shall be confined to areas authorized or approved by the United Nations. The Contractor's personnel shall not enter or pass through and shall not store or dispose of any of its equipment or materials in any areas within United Nations premises or on United Nations property without appropriate authorization from the United Nations.

3. ASSIGNMENT:

3.1 Except as provided in Article 3.2, below, the Contractor may not assign, transfer, pledge or make any other disposition of the Contract, of any part of the Contract, or of any of the rights, claims or obligations under the Contract except with the prior written authorization of the UN. Any such unauthorized assignment, transfer, pledge or other disposition, or any attempt to do so, shall not be binding on the United Nations. Except as permitted with respect to any approved subcontractors, the Contractor shall not delegate any of its obligations under this Contract, except with the prior written consent of the UN. Any such unauthorized delegation, or attempt to do so, shall not be binding on the United Nations.

3.2 The Contractor may assign or otherwise transfer the Contract to the surviving entity resulting from a reorganization of the Contractor's operations, *provided that*:

3.2.1 such reorganization is not the result of any bankruptcy, receivership or other similar proceedings;

Annex A – General Conditions of Contract for the Provision of Services

3.2.3 the Contractor promptly notifies the United Nations about such assignment or transfer at the earliest opportunity; *and*,

4. **SUBCONTRACTING:** In the event that the Contractor requires the services of subcontractors to perform any obligations under the Contract, the Contractor shall obtain the prior written approval of the United Nations. The United Nations shall be entitled, in its sole discretion, to review the qualifications of any subcontractors and to reject any proposed subcontractor that the United Nations reasonably considers is not qualified to perform obligations under the Contract. The United Nations shall have the right to require any subcontractor's removal from United Nations premises without having to give any justification therefor. Any such rejection or request for removal shall not, in and of itself, entitle the Contractor to claim any delays in the performance, or to assert any excuses for the non-performance, of any of its obligations under the Contract, and the Contractor shall be solely responsible for all services and obligations performed by its subcontractors. The terms of any subcontract shall be subject to, and shall be construed in a manner that is fully in accordance with, all of the terms and conditions of the Contract.

5. INDEMNIFICATION:

5.1 The Contractor shall indemnify, defend, and hold and save harmless, the United Nations, and its officials, agents and employees, from and against all suits, proceedings, claims, demands, losses and liability of any kind or nature brought by any third party against the United Nations, including, but not limited to, all litigation costs and expenses, attorney's fees, settlement payments and damages, based on, arising from, or relating to:

5.1.1 allegations or claims that the possession of or use by the United Nations of any patented device, any copyrighted material, or any other goods, property or services provided or licensed to the United Nations under the terms of the Contract, in whole or in part, separately or in a combination contemplated by the Contractor's published specifications therefor, or otherwise specifically approved by the Contractor, constitutes an infringement of any patent, copyright, trademark, or other intellectual property right of any third party; *or*,

5.1.2 any acts or omissions of the Contractor, or of any subcontractor or anyone directly or indirectly employed by them in the performance of the Contract, which give rise to legal liability to anyone not a party to the Contract, including, without limitation, claims and liability in the nature of a claim for workers' compensation.

5.2 The indemnity set forth in Article 5.1.1, above, shall not apply to:

5.2.1 A claim of infringement resulting from the Contractor's compliance with specific written instructions by the United Nations directing a change in the specifications for the goods, property, materials, equipment or supplies to be or used, or directing a manner of performance of the Contract or requiring the use of specifications not normally used by the Contractor; *or*

5.2.2 A claim of infringement resulting from additions to or changes in any goods, property, materials equipment, supplies or any components thereof furnished under the Contract if the United Nations or another party acting under the direction of the United Nations made such changes.

5.3 In addition to the indemnity obligations set forth in this Article 5, the Contractor shall be obligated, at its sole expense, to defend the United Nations and its officials, agents and employees, pursuant to this Article 5, regardless of whether the suits, proceedings, claims and demands in question actually give rise to or otherwise result in any loss or liability.

5.4 The United Nations shall advise the Contractor about any such suits, proceedings, claims, demands, losses or liability within a reasonable period of time after having received actual notice thereof. The Contractor shall have sole control of the defense of any such suit, proceeding, claim or demand and of all negotiations in connection with the settlement or compromise thereof, except with respect to the assertion or defense of the privileges and immunities of the United Nations or any matter relating thereto, for which only the United Nations itself is

Annex A – General Conditions of Contract for the Provision of Services

- 5.5 In the event the use by the United Nations of any goods, property or services provided or licensed to the United Nations by the Contractor, in whole or in part, in any suit or proceeding, is for any reason enjoined, temporarily or permanently, or is found to infringe any patent, copyright, trademark or other intellectual property right, or in the event of a settlement, is enjoined, limited or otherwise interfered with, then the Contractor, at its sole cost and expense, shall, promptly, either:

5.5.1 procure for the United Nations the unrestricted right to continue using such goods or services provided to the United Nations;

5.5.2 replace or modify the goods or services provided to the United Nations, or part thereof, with the equivalent or better goods or services, or part thereof, that is non-infringing; *or*,

5.5.3 refund to the United Nations the full price paid by the United Nations for the right to have or use such goods, property or services, or part thereof.

6. INSURANCE AND LIABILITY:

- 6.1 The Contractor shall pay the United Nations promptly for all loss, destruction, or damage to the property of the United Nations caused by the Contractor's personnel or by any of its subcontractors or anyone else directly or indirectly employed by the Contractor or any of its subcontractors in the performance of the Contract.

- 6.2 Unless otherwise provided in the Contract, prior to commencement of performance of any other obligations under the Contract, and subject to any limits set forth in the Contract, the Contractor shall take out and shall maintain for the entire term of the Contract, for any extension thereof, and for a period following any termination of the Contract reasonably adequate to deal with losses:

6.2.1 insurance against all risks in respect of its property and any equipment used for the performance of the Contract;

6.2.2 workers' compensation insurance, or its equivalent, or employer's liability insurance, or its equivalent, with respect to the Contractor's personnel sufficient to cover all claims for injury, death and disability, or any other benefits required to be paid by law, in connection with the performance of the Contract;

6.2.4 such other insurance as may be agreed upon in writing between the United Nations and the Contractor.

- 6.3 The Contractor's liability policies shall also cover subcontractors and all defense costs and shall contain a standard "cross liability" clause.

- 6.4 The Contractor acknowledges and agrees that the United Nations accepts no responsibility for providing life, health, accident, travel or any other insurance coverage which may be necessary or desirable in respect of any personnel performing services for the Contractor in connection with the Contract.

- 6.5 Except for the workers' compensation insurance or any self-insurance program maintained by the Contractor and approved by the United Nations, in its sole discretion, for purposes of fulfilling the Contractor's requirements for providing insurance under the Contract, the insurance policies required under the Contract shall:

6.5.1 name the United Nations as an additional insured under the liability policies, including, if required, as a separate endorsement under the policy;

Prior to the commencement of any obligations under the Contract, the Contractor shall provide the United Nations with evidence, in the form of certificate of insurance or such other form as the United Nations may reasonably require, that demonstrates that the Contractor has taken out insurance in accordance with the requirements of the Contract. The United Nations reserves the right, upon written notice to the Contractor, to obtain copies of any insurance policies or insurance program descriptions required to be maintained by the Contractor under the Contract. Notwithstanding the provisions of Article 6.5.3, above, the Contractor shall promptly notify the United Nations concerning any cancellation or material change of insurance coverage required under the Contract.

6.8 The Contractor acknowledges and agrees that neither the requirement for taking out and maintaining insurance as set forth in the Contract nor the amount of any such insurance, including, but not limited to, any deductible or retention relating thereto, shall in any way be construed as limiting the Contractor's liability arising under or relating to the Contract.

7. **ENCUMBRANCES AND LIENS:** The Contractor shall not cause or permit any lien, attachment or other encumbrance by any person to be placed on file or to remain on file in any public office or on file with the United Nations against any monies due to the Contractor or that may become due for any work done or against any goods supplied or materials furnished under the Contract, or by reason of any other claim or demand against the Contractor or the United Nations.

8. **EQUIPMENT FURNISHED BY THE UNITED NATIONS TO THE CONTRACTOR:** Title to any equipment and supplies that may be furnished by the United Nations to the Contractor for the performance of any obligations under the Contract shall rest with the United Nations, and any such equipment shall be returned to the United Nations at the conclusion of the Contract or when no longer needed by the Contractor. The Contractor acknowledges and agrees that such products, documents and other materials constitute works made for hire for the United Nations.

9.2 To the extent that any such intellectual property or other proprietary rights consist of any intellectual property or other proprietary rights of the Contractor: (i) that pre-existed the performance by the Contractor of its obligations under the Contract, or (ii) that the Contractor may develop or acquire, or may have developed or acquired, independently of the performance of its obligations under the Contract, the United Nations does not and shall not claim any ownership interest thereto, and the Contractor grants to the United Nations a perpetual license to use such intellectual property or other proprietary right solely for the purposes of and in accordance with the requirements of the Contract.

Annex A – General Conditions of Contract for the Provision of Services

9.3 At the request of the United Nations, the Contractor shall take all necessary steps, execute all necessary documents and generally assist in securing such proprietary rights and transferring or licensing them to the United Nations in compliance with the requirements of the applicable law and of the Contract.

9.4 Subject to the foregoing provisions, all maps, drawings, photographs, mosaics, plans, reports, estimates, recommendations, documents, and all other data compiled by or received by the Contractor under the Contract shall be the property of the United Nations, shall be made available for use or inspection by the United Nations at reasonable times and in reasonable places, shall be treated as confidential, and shall be delivered only to United Nations authorized officials on completion of work under the Contract.

11.2 Provided that the Recipient has a written agreement with the following persons or entities requiring them to treat the Information confidential in accordance with the Contract and this Article 11, the Recipient may disclose Information to:

11.2.1 any other party with the Discloser’s prior written consent; *and*,

11.2.2 the Recipient’s employees, officials, representatives and agents who have a need to know such Information for purposes of performing obligations under the Contract, and employees officials, representatives and agents of any legal entity that it controls, controls it, or with which it is under common control, who have a need to know such Information for purposes of performing obligations under the Contract, *provided that*, for these purposes a controlled legal entity means:

11.2.2.1 a corporate entity in which the Party owns or otherwise controls, whether directly or indirectly, over fifty percent (50%) of voting shares thereof; *or*,

11.2.2.2 any entity over which the Party exercises effective managerial control; *or*,

11.2.2.3 for the United Nations, a principal or subsidiary organ of the United Nations established in accordance with the Charter of the United Nations.

11.3 The Contractor may disclose Information to the extent required by law, *provided that*, subject to and without any waiver of the privileges and immunities of the United Nations, the Contractor will give the United Nations sufficient prior notice of a request for the disclosure of Information in order to allow the United Nations to have a reasonable opportunity to take protective measures or such other action as may be appropriate before any such disclosure is made.

11.4 The United Nations may disclose Information to the extent as required pursuant to the Charter of the United Nations, or pursuant to resolutions or regulations of the General Assembly or rules promulgated thereunder.

11.5 The Recipient shall not be precluded from disclosing Information that is obtained by the Recipient from a third party without restriction, is disclosed by the Discloser to a third party without any obligation of

Annex A – General Conditions of Contract for the Provision of Services

confidentiality, is previously known by the Recipient, or at any time is developed by the Recipient completely independently of any disclosures hereunder.

- 11.6 These obligations and restrictions of confidentiality shall be effective during the term of the Contract, including any extension thereof, and, unless otherwise provided in the Contract, shall remain effective following any termination of the Contract.

12. FORCE MAJEURE; OTHER CHANGES IN CONDITIONS:

- 12.1 In the event of and as soon as possible after the occurrence of any cause constituting *force majeure*, the affected Party shall give notice and full particulars in writing to the other Party, of such occurrence or cause if the affected Party is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under the Contract. The affected Party shall also notify the other Party of any other changes in condition or the occurrence of any event which interferes or threatens to interfere with its performance of the Contract. Not more than fifteen (15) days following the provision of such notice of *force majeure* or other changes in condition or occurrence, the affected Party shall also submit a statement to the other Party of estimated expenditures that will likely be incurred for the duration of the change in condition or the event of *force majeure*. On receipt of the notice or notices required hereunder, the Party not affected by the occurrence of a cause constituting *force majeure* shall take such action as it reasonably considers to be appropriate or necessary in the circumstances, including the granting to the affected Party of a reasonable extension of time in which to perform any obligations under the Contract.
- 12.2 If the Contractor is rendered unable, wholly or in part, by reason of *force majeure* to perform its obligations and meet its responsibilities under the Contract, the United Nations shall have the right to suspend or terminate the Contract on the same terms and conditions as are provided for in Article 13, "Termination," except that the period of notice shall be seven (7) days instead of thirty (30) days. In any case, the United Nations shall be entitled to consider the Contractor permanently unable to perform its obligations under the Contract in case the Contractor is unable to perform its obligations, wholly or in part, by reason of *force majeure* for any period in excess of ninety (90) days.
- 12.3 *Force majeure* as used herein means any unforeseeable and irresistible act of nature, any act of war (whether declared or not), invasion, revolution, insurrection, terrorism, or any other acts of a similar nature or force, *provided that* such acts arise from causes beyond the control and without the fault or negligence of the Contractor. The Contractor acknowledges and agrees that, with respect to any obligations under the Contract that the Contractor must perform in areas in which the United Nations is engaged in, preparing to engage in, or disengaging from any peacekeeping, humanitarian or similar operations, any delays or failure to perform such obligations arising from or relating to harsh conditions within such areas, or to any incidents of civil unrest occurring in such areas, shall not, in and of itself, constitute *force majeure* under the Contract.

13. TERMINATION:

- 13.1 Either Party may terminate the Contract for cause, in whole or in part, upon thirty (30) day's notice, in writing, to the other Party. The initiation of conciliation or arbitral proceedings in accordance with Article 16 "Settlement of Disputes," below, shall not be deemed to be a "cause" for or otherwise to be in itself a termination of the Contract.
- 13.2 The United Nations may terminate the Contract at any time by providing written notice to the Contractor in any case in which the mandate of the United Nations applicable to the performance of the Contract or the funding of the United Nations applicable to the Contract is curtailed or terminated, whether in whole or in part. In addition, unless otherwise provided by the Contract, upon sixty (60) day's advance written notice to the Contractor, the United Nations may terminate the Contract without having to provide any justification therefor.
- 13.3 In the event of any termination of the Contract, upon receipt of notice of termination that has been issued by the United Nations, the Contractor shall, except as may be directed by the United Nations in the notice of termination or otherwise in writing:

Annex A – General Conditions of Contract for the Provision of Services

 - 13.3.2 refrain from undertaking any further or additional commitments under the Contract as of and following the date of receipt of such notice;
 - 13.3.3 place no further subcontracts or orders for materials, services, or facilities, except as the United Nations and the Contractor agree in writing are necessary to complete any portion of the Contract that is not terminated;
 - 13.3.4 terminate all subcontracts or orders to the extent they relate to the portion of the Contract terminated;
 - 13.3.5 transfer title and deliver to the United Nations the fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the portion of the Contract terminated;
 - 13.3.6 deliver all completed or partially completed plans, drawings, information, and other property that, if the Contract had been completed, would be required to be furnished to the United Nations thereunder;
 - 13.3.7 complete performance of the work not terminated; *and*,
 - 13.3.8 take any other action that may be necessary, or that the United Nations may direct in writing, for the minimization of losses and for the protection and preservation of any property, whether tangible or intangible, related to the Contract that is in the possession of the Contractor and in which the United Nations has or may be reasonably expected to acquire an interest.
- 13.4 In the event of any termination of the Contract, the United Nations shall be entitled to obtain reasonable written accountings from the Contractor concerning all obligations performed or pending in accordance with the Contract. In addition, the United Nations shall not be liable to pay the Contractor except for those goods delivered and services provided to the United Nations in accordance with the requirements of the Contract, but only if such goods or services were ordered, requested or otherwise provided prior to the Contractor's receipt of notice of termination from the United Nations or prior to the Contractor's tendering of notice of termination to the United Nations.
- 13.5 The United Nations may, without prejudice to any other right or remedy available to it, terminate the Contract forthwith in the event that:
- 13.5.1 the Contractor is adjudged bankrupt, or is liquidated, or becomes insolvent, or applies for a moratorium or stay on any payment or repayment obligations, or applies to be declared insolvent;
 - 13.5.2 the Contractor is granted a moratorium or a stay, or is declared insolvent;
 - 13.5.3 the Contractor makes an assignment for the benefit of one or more of its creditors;
 - 13.5.4 a Receiver is appointed on account of the insolvency of the Contractor;
 - 13.5.5 the Contractor offers a settlement in lieu of bankruptcy or receivership; *or*,
 - 13.5.6 the United Nations reasonably determines that the Contractor has become subject to a materially adverse change in its financial condition that threatens to substantially affect the ability of the Contractor to perform any of its obligations under the Contract.
- 13.6 Except as prohibited by law, the Contractor shall be bound to compensate the United Nations for all damages and costs, including, but not limited to, all costs incurred by the United Nations in any legal or non-legal proceedings, as a result of any of the events specified in Article 13.5, above, and resulting from or relating to a termination of the Contract, even if the Contractor is adjudged bankrupt, or is granted a moratorium or stay or is declared insolvent. The Contractor shall immediately inform the United Nations of the occurrence of any of the events specified in Article 13.5, above, and shall provide the United Nations with any information pertinent thereto.
- 13.7 The provisions of this Article 13 are without prejudice to any other rights or remedies of the United Nations under the Contract or otherwise.

Annex A – General Conditions of Contract for the Provision of Services

14. **NON-WAIVER OF RIGHTS:** The failure by either Party to exercise any rights available to it, whether under the Contract or otherwise, shall not be deemed for any purposes to constitute a waiver by the other Party of any such right or any remedy associated therewith, and shall not relieve the Parties of any of their obligations under the Contract.
15. **NON-EXCLUSIVITY:** Unless otherwise specified in the Contract, the United Nations shall have no obligation to purchase any minimum quantities of goods or services from the Contractor, and the United Nations shall have no limitation on its right to obtain goods or services of the same kind, quality and quantity described in the Contract, from any other source at any time.
16. **SETTLEMENT OF DISPUTES:**
 - 16.1 **AMICABLE SETTLEMENT:** The Parties shall use their best efforts to amicably settle any dispute, controversy, or claim arising out of the Contract or the breach, termination, or invalidity thereof. Where the Parties wish to seek such an amicable settlement through conciliation, the conciliation shall take place in accordance with the Conciliation Rules then obtaining of the United Nations Commission on International Trade Law (“UNCITRAL”), or according to such other procedure as may be agreed between the Parties in writing.
 - 16.2 **ARBITRATION:** Any dispute, controversy, or claim between the Parties arising out of the Contract or the breach, termination, or invalidity thereof, unless settled amicably under Article 16.1, above, within sixty (60) days after receipt by one Party of the other Party’s written request for such amicable settlement, shall be referred by either Party to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The decisions of the arbitral tribunal shall be based on general principles of international commercial law. The arbitral tribunal shall be empowered to order the return or destruction of goods or any property, whether tangible or intangible, or of any confidential information provided under the Contract, order the termination of the Contract, or order that any other protective measures be taken with respect to the goods, services or any other property, whether tangible or intangible, or of any confidential information provided under the Contract, as appropriate, all in accordance with the authority of the arbitral tribunal pursuant to Article 26 (“Interim measures”) and Article 34 (“Form and effect of the award”) of the UNCITRAL Arbitration Rules. The arbitral tribunal shall have no authority to award punitive damages. In addition, unless otherwise expressly provided in the Contract, the arbitral tribunal shall have no authority to award interest in excess of the London Inter-Bank Offered Rate (“LIBOR”) then prevailing, and any such interest shall be simple interest only. The Parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such dispute, controversy, or claim.
17. **PRIVILEGES AND IMMUNITIES:** Nothing in or relating to the Contract shall be deemed a waiver, express or implied, of any of the privileges and immunities of the United Nations, including its subsidiary organs.
18. **TAX EXEMPTION:**
 - 18.1 Article II, Section 7, of the Convention on the Privileges and Immunities of the United Nations provides, *inter alia*, that the United Nations, including its subsidiary organs, is exempt from all direct taxes, except charges for public utility services, and is exempt from customs restrictions, duties, and charges of a similar nature in respect of articles imported or exported for its official use. In the event any governmental authority refuses to recognize the exemptions of the United Nations from such taxes, restrictions, duties, or charges, the Contractor shall immediately consult with the United Nations to determine a mutually acceptable procedure.
 - 18.2 The Contractor authorizes the United Nations to deduct from the Contractor’s invoices any amount representing such taxes, duties or charges, unless the Contractor has consulted with the United Nations before the payment thereof and the United Nations has, in each instance, specifically authorized the Contractor to pay such taxes, duties, or charges under written protest. In that event, the Contractor shall provide the United Nations with written evidence that payment of such taxes, duties or charges has been made and appropriately authorized, and the United Nations shall reimburse the Contractor for any such taxes, duties, or charges so authorized by the United Nations and paid by the Contractor under written protest.
19. **MODIFICATIONS:**
 - 19.1 Pursuant to the Financial Regulations and Rules of the United Nations, only the Chief of the United Nations Procurement Division, or such other Contracting authority as the United Nations has made known to the Contractor in writing, possesses the authority to agree on behalf of the United Nations to any modification of or

Annex A – General Conditions of Contract for the Provision of Services

change in the Contract, to a waiver of any of its provisions or to any additional contractual relationship of any kind with the Contractor. Accordingly, no modification or change in the Contract shall be valid and enforceable against the United Nations unless provided by a valid written amendment to the Contract signed by the Contractor and the Chief of the United Nations Procurement Division or such other contracting authority.

19.2 If the Contract shall be extended for additional periods in accordance with the terms and conditions of the Contract, the terms and conditions applicable to any such extended term of the Contract shall be the same terms and conditions as set forth in the Contract, unless the Parties shall have agreed otherwise pursuant to a valid amendment concluded in accordance with Article 19.1, above.

19.3 The terms or conditions of any supplemental undertakings, licenses, or other forms of agreement concerning any goods or services provided under the Contract shall not be valid and enforceable against the United Nations nor in any way shall constitute an agreement by the United Nations thereto unless any such undertakings, licenses or other forms are the subject of a valid amendment concluded in accordance with Article 19.1, above.

20. AUDITS AND INVESTIGATIONS:

20.1 Each invoice paid by the United Nations shall be subject to a post-payment audit by auditors, whether internal or external, of the United Nations or by other authorized and qualified agents of the United Nations at any time during the term of the Contract and for a period of three (3) years following the expiration or prior termination of the Contract. The United Nations shall be entitled to a refund from the Contractor for any amounts shown by such audits to have been paid by the United Nations other than in accordance with the terms and conditions of the Contract.

20.2 The United Nations may conduct investigations relating to any aspect of the Contract or the award thereof, the obligations performed under the Contract, and the operations of the Contractor generally relating to performance of the Contract at any time during the term of the Contract and for a period of three (3) years following the expiration or prior termination of the Contract.

20.3 The Contractor shall provide its full and timely cooperation with any such inspections, post-payment audits or investigations. Such cooperation shall include, but shall not be limited to, the Contractor's obligation to make available its personnel and any relevant documentation for such purposes at reasonable times and on reasonable conditions and to grant to the United Nations access to the Contractor's premises at reasonable times and on reasonable conditions in connection with such access to the Contractor's personnel and relevant documentation. The Contractor shall require its agents, including, but not limited to, the Contractor's attorneys, accountants or other advisers, to reasonably cooperate with any inspections, post-payment audits or investigations carried out by the United Nations hereunder.

21. LIMITATION ON ACTIONS:

21.1 Except with respect to any indemnification obligations in Article 5, above, or as are otherwise set forth in the Contract, any arbitral proceedings in accordance with Article 16.2, above, arising out of the Contract must be commenced within three years after the cause of action has accrued.

21.2 The Parties further acknowledge and agree that, for these purposes, a cause of action shall accrue when the breach actually occurs, or, in the case of latent defects, when the injured Party knew or should have known all of the essential elements of the cause of action, or in the case of a breach of warranty, when tender of delivery is made, except that, if a warranty extends to future performance of the goods or any process or system and the discovery of the breach consequently must await the time when such goods or other process or system is ready to perform in accordance with the requirements of the Contract, the cause of action accrues when such time of future performance actually begins.

22. **ESSENTIAL TERMS:** The Contractor acknowledges and agrees that each of the provisions in Articles 23 to 28 hereof constitutes an essential term of the Contract and that any breach of any of these provisions shall entitle the United Nations to terminate the Contract or any other contract with the United Nations immediately upon notice to the Contractor, without any liability for termination charges or any other liability of any kind.

Annex A – General Conditions of Contract for the Provision of Services

23. **SOURCE OF INSTRUCTIONS:** The Contractor shall neither seek nor accept instructions from any authority external to the United Nations in connection with the performance of its obligations under the Contract. Should any authority external to the United Nations seek to impose any instructions concerning or restrictions on the Contractor's performance under the Contract, the Contractor shall promptly notify the United Nations and provide all reasonable assistance required by the United Nations. The Contractor shall not take any action in respect of the performance of its obligations under the Contract that may adversely affect the interests of the United Nations, and the Contractor shall perform its obligations under the Contract with the fullest regard to the interests of the United Nations.
24. **OFFICIALS NOT TO BENEFIT:** The Contractor warrants that it has not and shall not offer to any representative, official, employee, or other agent of the United Nations any direct or indirect benefit arising from or related to the performance of the Contract or of any other contract with the United Nations or the award thereof or for any other purpose intended to gain an advantage for the Contractor.
25. **OBSERVANCE OF THE LAW:** The Contractor shall comply with all laws, ordinances, rules, and regulations bearing upon the performance of its obligations under the Contract. In addition, the Contractor shall maintain compliance with all obligations relating to its registration as a qualified vendor of goods or services to the United Nations, as such obligations are set forth in the United Nations vendor registration procedures.
26. **CHILD LABOR:** The Contractor represents and warrants that neither it, its parent entities (if any), nor any of the Contractor's subsidiary or affiliated entities (if any) is engaged in any practice inconsistent with the rights set forth in the Convention on the Rights of the Child, including Article 32 thereof, which, *inter alia*, requires that a child shall be protected from performing any work that is likely to be hazardous or to interfere with the child's education, or to be harmful to the child's health or physical, mental, spiritual, moral, or social development.
27. **MINES:** The Contractor represents and warrants that neither it, its parent entities (if any), nor any of the Contractor's subsidiaries or affiliated entities (if any) is engaged in the sale or manufacture of anti-personnel mines or components utilized in the manufacture of anti-personnel mines.
28. **SEXUAL EXPLOITATION:**
- 28.1 The Contractor shall take all appropriate measures to prevent sexual exploitation or abuse of anyone by its employees or any other persons engaged and controlled by the Contractor to perform any services under the Contract. For these purposes, sexual activity with any person less than eighteen years of age, regardless of any laws relating to consent, shall constitute the sexual exploitation and abuse of such person. In addition, the Contractor shall refrain from, and shall take all reasonable and appropriate measures to prohibit its employees or other persons engaged and controlled by it from exchanging any money, goods, services, or other things of value, for sexual favors or activities, or from engaging any sexual activities that are exploitive or degrading to any person.
- 28.2 The United Nations shall not apply the foregoing standard relating to age in any case in which the Contractor's personnel or any other person who may be engaged by the Contractor to perform any services under the Contract is married to the person less than the age of eighteen years with whom sexual activity has occurred and in which such marriage is recognized as valid under the laws of the country of citizenship of such Contractor's personnel or such other person who may be engaged by the Contractor to perform any services under the Contract.

RFP UNSSC/2026/01 on Coaching services

#	Question	Answer
1	Could you please confirm if this tender is open to legal entities/organizations wishing to propose a team of coaches, or if it is restricted exclusively to individual consultants?	The RFP is addressed to individual coaches (under their personal or individual company name capacity). In case of companies with multiple coaches associated, submission is possible to the extent that: - The company clearly identifies the specific coaches that will be designated to UNSSC and for which lot(s). All information requested shall be submitted per each coach proposed (CV, references, coaching methodology, recording, etc); - UNSSC is allowed to have direct contact with the designated coaches throughout the duration of the coaching program.
2	I'd like to ask if you are only accepting individual coaches, or if we at [company name], who have a fantastic collection of associate coaches, may also submit a response and be considered?	See Answer to question n.1.
3	Could you confirm this is a roster for individuals only (no companies) and hence individuals will be invoicing in their personal capacity?	See Answer to question n.1. Invoices shall be issued by the individual coach or (individual) company, based on the fiscal registration in their country.
4	The section on fees is interesting in the past there used to be a sliding scale of coaching fees according to the coaching level and the experience of the assigned coach, does this still exist in the system?	Appendix B is drafted in order to request quotations per each coaching session. - For Lot A on individual coaching, Appenidx B requires coaches to submit their best quotations based on the grade of the coachee (from G to ASG grade) and the duration of each session. - For other lots we ask for the quotation per each session based on the duration and the delivery modality (if in presence or online), regardless of the grade of participants. We request coaches to submit their <u>best quotations</u> filling in the form, so as to allow for comparable financial evaluation of all offers. Should you wish to provide comments or clarifications, please provide them in the relevant column (column E of the excel file). Should you have a different price scheme, please add rows under line "other" and provide details.
5	Could you confirm if you are considering digital business coaching providers or are you only interested in engaging business coaches directly on an individual basis?	See Answer to question n.1
6	My Question is about the recordings: given the short turnaround time, how will the lack of it impact the evaluation outcome?	The RFP, through Amendment n.1, has removed the mandatory requirement for audio/video recording submission for all Lots. Nevertheless, the evaluation criteria have not been amended. This means that an offer sent without the audio/video recording will be accepted and evaluated, but will not receive any points under the technical criteria 6 "Quality of audio/video recording of sessions in the area(s) you are bidding for".
7	As I do not record my sessions for a number of reasons. I would be grateful if you would confirm whether this is a requirement, or I can still proceed without that.	See Answer to question n.6

RFP UNSSC/2026/01 on Coaching services

#	Question	Answer
8	As an organisation with multiple executive coaches, culture and senior leadership development experts are we able to apply as an organisation putting forward a selected pool of suitably qualified and experienced individuals, assuming that we do ensure that we demonstrate how individuals meet the person specification / requirements for the relevant Lot and provide suitable case study evidence etc. for the proposed individuals?	See Answer to question n.1
9	Your request for a recording (audio or video) of any of the lots is noted as pass/fail. We have questions about data protection, confidentiality and permissions from clients before sharing these. Also clarification on the length and content of these recordings. Please can we check that if we do not feel able to share these with you, even if we have PCC and MCC Coaches that meet the spec, our application would fail?	See Answer to question n.6. Regarding the length, please do not exceed 1 hour and only submit recordings for which the coachee has consented to.
10	I understand that I would have to send 3 Appendix A -one for each lot- and just one Appendix B, having included the 3 lots at the same file, am I all right?	You can submit your technical offer in one of the following modalities: - an Appendix A per each lot; - one Appendix A for all lots clearly containing the information for each lot you are applying for. - one Appendix A listing the name of the separate file(s) where information is provided per each lot. In this case, please submit also the file(s) and any supporting documents required.
11	In Appendix B, do I have to specify the currency of my Financial Offer Form in Dollars, as it is the UN commun currency or in Euros, as it's my currency? Knowing this, what am I supposed to include under "Unitary Rate" and "Comments"?	Please indicate the currency in which you will be invoicing the services. Under "Unitary rate", you should fill in the unitary cost for each item listed. Under "Comments" you can add any comment or details on the rates that you wish to provide.
12	Is it all right to send an audio recording of a peer coaching/team coaching/coaching skills training session? Or do you encourage to send a video recording one? They must be in English or could they be in Spanish?	Either audio or video is acceptable. No need to be in English. Spanish is acceptable.
13	For Lot B: Do I need to provide recording of the session as a pre-requisite if I am applying for Peer coaching?	See Answer to question n.6
14	For Lot E: with regard to vetting experience for Level 1/Level 2 evaluation for at least 2 programs, do I need to acquire recommendation letters from these institutions?	Yes, please.
15	Do I need to attach other certificates I have apart from ICF PCC if they are obtained from non-ICF schools/programs? for example I have DISC certification, Exponential Coaching Academy certification, team coaching, etc. or PCC is all that is needed.	Regardless of the lot(s) you are bidding for, please submit all relevant certifications and accreditations obtained from ICF or non-ICF institutions. Only for lot E, in addition to the other certifications, you are required to share: - Active PCC or MCC credentials; - Proof of completion of the ICF PCC Markers Training; - Vetting Experience: Previous experience as a Performance Evaluator for at least two other ICF-accredited program (Level 1 and/or 2).

16	For Financial Proposal: is there any preferable template to be filled in? if yes, please share.	Yes, the financial proposal shall be submitted by filling in Appendix B. The editable Excel version of Appendix B, together with the editable word version of Appendix A, is downloadable from UNGM website, at the following link: https://www.ungm.org/Public/Notice/292735
17	In order to custom-tailor my proposal I would like to understand, if there is a specific program to be supported (like UNSSC Innovation Springboard) or if this RFP is for general coaching services to be assigned to various programs/topics as needed.	The present RFP aims at identifying multiple coaches under different thematic areas per each lot, in response to specific programs. Awarded coaches will then be called to perform the services based on their expertise, in line with the clients' needs . Some of the thematic areas we are looking for are the following, as indicated in the RFP. Feel free to list other thematic areas based on the expertise of each coach: LOT A on individual coaching: - Executive coaching; - Career coaching; - Stress management and resilience coaching; - Antifragile coaching; - Resident Coordinators' preparation to attend the RC Assessment Centre; - Coaching for Young Professional Officers (JPOs); - Coaching for the Country Representatives and Chiefs of the field offices. LOT B on Peer Coaching and LOT D on Team Coaching: - Innovation; - Behavioural Science; - Foresight; - Data; - Digital.
18	Can you please confirm whether the fluency in a second language is an absolute requirement to be considered for this bid?	As per the minimum requirements, fluency in English is mandatory. Fluency in a second language or more languages will be an asset. The more languages a coach can deliver sessions in, the higher the score for the criteria on "Speaking and writing skills in multiple languages" will be.
19	The RFP on page 3 specifies that all applicants must be fluent in one or more languages (in addition to English) and those languages do not include German. As I am unfortunately not fluent enough in any of the languages mentioned but am fluent in both English and German, I wanted to double-check the requirement to see if I qualify for applying or not (I do meet the other requirements).	See Answer to question n. 18
20	May a coaching firm submit a single proposal on behalf of named individual coaches within its team, provided each coach fully meets the individual eligibility requirements specified in the RFP?	See Answer to question n.1

21	Appendix A states: “By signing the present Appendix, we confirm acceptance of UNGCC as per Annex D and that we are compliant with the relevant privacy legislation and have appropriate measures implemented to protect the security of personal data.” In this regard, I would be grateful if you could kindly confirm that no additional documentation is required to be submitted or attached to Annex A in relation to these two matters.	Correct, at this stage by filling-in and signing Appendix A, you are already confirming acceptance of the UN General Conditions of Contract and your compliance with the applicable privacy regulations. In case of award, the UNGCC will be integral part of the LTA that will be signed.
22	LANGUAGE OF SUPPORTING MATERIALS Could you please confirm whether supporting materials such as training session recordings (Lot C) and performance evaluation recordings and rubrics (Lot E) are required to be in English?	No, recordings of sessions are not mandatory to be in English.
23	I note that Article 5.2 of the new LTA template explicitly requires contractors to submit invoices for services rendered. could you please clarify in which currency I would be required to invoice under the new LTA? I would also need to confirm whether my financial proposal in Appendix B should reflect Euro pricing rather than USD, so that I may submit my financial offer correctly.	Each coach is required to submit the rates in the currency they will be invoicing. For financial comparison purposes, the rates will be converted to USD at the UN exchange rate applicable at the time of the RFP closure. In case of award, the LTA will be signed in the currency specified in Appendix B.
24	My question concerns Appendix B Financial Offer form, Lot E Performance Evaluator in ICF-accredited Coaching Education Programme, Level 1. Currently the file contains the following items: 1. Daily rate for design and Development of materials 2. Daily rate for delivery training sessions (online) 3. Daily rate for delivery training sessions (face-to-face) 4. Report 5. Other (please specify, if any) From the lot description, it seemed that the required work was focused on the evaluation of recorded sessions, providing feedback, etc. Can you please double check if the items mentioned in the Financial offer correspond to Lot E. Otherwise, it’s a bit confusing.	Please consider the revised Appendix B “Financial offer form – Rev.1”, which reflects the correct description of the item to be quoted, namely: - "Recorded Session Assessments: listening to recorded coaching sessions submitted by students and grading them against the ICF Core Competencies".
25	Could you please clarify what types of coaching certifications would be considered “equivalent” to an ICF-accredited certification for the purpose of meeting this requirement?	We look for credentials that meet requirements such as formal education hours, mentored practice and independent assessment. Examples could be: EMCC, CCE, AC (Association for Coaching). It can also be University-based graduate certificates. What is not considered equivalent are: internal corporate Certifications; Certificates of Completion of courses that may only require watching videos, and related degrees, which can be an asset, but are not a coaching certification.

26	For the coaching skills training and for the team coaching - do you have specific locations/countries in mind and also specific languages for those that will take place face to face?	We don't have specific locations in mind as it depends on the Client's request – they span from online to UN-specific duty stations. The official language is always English, but we may have requests for other UN languages, such as French or Spanish.
27	We would like to submit a short company overview including a short (2 mins) video in addition to submitting the individual coach documents. This would showcase our overall global footprint and depth of expertise of managing similar programmes. Please confirm that we can do this.	This is possible as long as the size of the video is below 20Mb. Email with attachments higher than 20 Mb will not be received. You can send multiple emails (eg. 1 of 2, 2 of 2, etc) or share a link if size of the video is higher than 20 Mb.
28	Please confirm who will view any recordings that we share and what will happen to them afterwards?	Recordings will be accessible only by the members of the evaluation team. Unless of recording available in public areas, such as Youtube, the recordings will be kept in file as part of the RFP offer submission for audit purposes. In no way, recordings will be shared outside of UNSSC and of the purpose of the tender.
29	We are [...] Organization having empanelled coaches across the globe having experience across different organizational, cultural, and operational contexts; representation from multiple regions and time zones, please confirm if we can participate as a organization in this "RFP – Coaching Services" OR it is only open for Individual coaches?	See Answer to question n.1
30	English is my native language, but I do not speak another language with enough fluency for coaching. Please could you clarify if fluency in a listed language and the Master's Degree level qualification in a related subject are mandatory requirements and if my proposal would be considered without these elements.	Fluency in English is a pass/fail criterion. Offers that do not meet all mandatory pre-requirements will not be considered. The Master's degree is desirable, but it is not set as a mandatory pass/fail criteria
31	Applicants must have a second language in addition to English	See Answer to question n. 18
32	How long the recording of a pre-recorded coaching session needs to be	See Answer to question n. 9
33	Will I be penalised if I only submit the financial tender for senior grade staff?	Financial component (Appendix B) should be filled in with your best quotation for each of the items listed. If you fill-in only the rates for higher grades in lot A, then your financial offer will be incomplete and will not be evaluated.
34	What is the budget for this project?	We do not provide information on the budget. This may vary on a yearly basis based on the needs of our clients.
35	What has been the budget in the past for the same or similar projects?	See Answer to question n. 34.
36	Do you have a supplier currently offering these services?	As listed in the RFP document, we currently have suppliers providing lot A. By the present RFP we aim at expanding the pool of coaches for Lot A and identify coaches for the other lots.
37	How many points are allotted to education? Is this evaluated on a 'Pass/Fail' basis?	Master's degree is not a mandatory pass/fail criteria. Education will be taken into consideration within the CV review and under criteria 3 of the technical evaluation "Qualifications and expertise of the Coach".

38	We would appreciate clarification on the required audio/video recording of sessions for the lot(s) being bid. As coaching engagements are generally confidential, could UNSSC please confirm whether bidders may submit a simulated session, a consented and anonymized sample, or a training/demo recording that demonstrates the relevant capability for the lot?	Yes, that is acceptable.
